The Life of James Campbell

James Campbell was born in 1826, to carpenter William Campbell and his wife Martha of Londonderry, Ireland. He was the eighth child in a family of 12 children.

James Campbell left Ireland at the age of 13 to seek fortune in the New World by stowing away on a lumber ship. He worked as a carpenter in New York for two years then signed onto a ship bound for Pacific whaling grounds. But the ship hit a reef and never reached its destination.

Campbell survived the shipwreck by clinging to a spar and floating to a nearby island. He and two shipmates were captured by island natives and held prisoner until Campbell demonstrated his resourcefulness by repairing a broken musket belonging to the local chief. Months later, Campbell fled the island by flagging down a passing ship headed for Tahiti.

In 1850, after several years in Tahiti, Campbell boarded a whaling ship, which brought him to Lahaina, Maui. At age 24, he decided to make Hawaii his home. After several years of working as a carpenter, Campbell met and married Hannah Barla. The marriage ended with the death of young Hannah in 1858: Using his life savings and some small properties inherited from Hannah, Campbell undertook business enterprises beyond his carpentry. In 1860, he and business partners Henry Turton and James Dunbar founded the Pioneer Mill Company—a sugar cane processing plant. The venture eventually became the basis of his wealth. He later purchased land on Oahu, Maui and the Big Island.

In 1877, Campbell sold his interest in the company and married Abigail Kuaihelani Maipinepine. The newlyweds lived on Maui briefly then moved to a home on Emma Street in Honolulu.

The Campbells had eight children, four of whom died in infancy. Four daughters survived: Abigail Wahiikaahuula (later Mrs. David Kawanakoa), Alice Kamokila (later Mrs. Walter Macfarlane, and better known as Kamokila Campbell, a territorial senator), Beatrice (later Mrs. George Beckley, then Mrs. Francis Wrigley) and Muriel (later Mrs. Robert Shingle, then Mrs. Charles Amalu).

One of Campbell's land purchases included 41,000 acres of dry, barren Ewa land, which he bought in 1877 for \$95,000. Many critics scoffed at the doubtful value of his purchase. But Campbell envisioned supplying the arid area with water and commissioned California well-driller James Ashley to drill a well on his Ewa ranch.

In 1879, Ashley drilled Hawaii's first artesian well. James Campbell's vision had made it possible for Hawaii's people to grow sugar cane on the dry lands of the Ewa Plain. The well also uncovered a vast pure water reserve that to this day provides the Pearl Harbor and Honolulu areas with water. The site of the well is marked by a stone monument and plaque on Fort Weaver Road, across West Loch Fairways.

Campbell continued to acquire and manage properties until his death in 1900. He left an estate valued at more than \$3 million.

Today, the Estate of James Campbell is one of Hawaii's largest private landowners and administers the assets under the will of James Campbell for his heirs. The Estate's major undertakings include the development of the City of Kapolei and the ownership of office, retail and industrial properties both in Hawaii and on the mainland.

The Estate strives to emulate James Campbell who believed in the wise stewardship of land. He knew that caring for the land's resources wisely and efficiently would provide a better environment for growth and a better quality of life for Hawaii's people.

His descendants today honor the memory of James Campbell and his wife, Abigail, by funding the James and Abigail Campbell Foundation. The Foundation has made many donations to various educational projects and to the school that bears James Campbell's name.

If the absences should continue beyond 2 days, the student's parents should notify the counselor assigned to the respective grade level and request homework. Any student who misses work due to absence is responsible for contacting teacher(s) and working out a plan to make up work missed. **The school will only excuse absences when written documentation (note) from a doctor/dentist/court is submitted within three (3) days upon student's return to school, and excused absences are for one of the following reasons: death in the immediate family, illness, injury, quarantine (chicken pox, measles, etc.), verifiable by a doctor's note. A doctor's note is required for three (3) or more consecutive absences. Notes written by parents will verify the school that parents were aware of student's absence, but will be considered "unexcused".** Students need to turn in their excuse note signed by all of their teachers to the Attendance Clerk at the end of the school day. Students who are absent for ten (10) or more days for travel will be required to withdraw from school. When the students return from their trip, they may re-enroll. SATURDAY SCHOOL

Saturday school is for "repeat offenders or anyone who is referred by the Vice Principal's designee for educational & disciplinary reasons". Referrals for attendance and smoking issues may come from the counselor and/or administrator.

Reason for referral may include but is not limited to:

- Dress code violations
- ID violations (not wearing school-issued identification tag)
- Insubordination and other violations

Saturday school will be held from 8 a.m. - 12 p.m., every Saturday in a designated classroom. Students are required to be on time, and to stay for the entire session.

Once referral occurs, parents will be contacted by both letter and telephone. The letter that is sent to the parent(s) is the student's Admission Ticket. Parents must sign it, and the student must bring it to the Saturday school. Absences from Saturday school will follow the official attendance policy from the student handbook. The only excused absences are death in the immediate family, medical appointments and personal illness.

- If students are ill, they are required to submit a parent's or doctor's note that they were too ill to attend. If this is provided, they will be given a chance to make up the session on the following Saturday. Students with excused absences will be given up to four chances to make up the obligation prior to consequences setting in.
- If they do not attend and are unexcused, they lose privileges to participate in co-curricular/extra-curricular activities.

Example

- athletes will not be allowed to participate in the next athletic event
- students belonging to clubs will not be allowed to attend the next club meeting or scheduled event
- if there is a prom or winterball falling within that month, students will not be permitted to purchase bids until their Saturday school obligation is fulfilled.

** If a backlog should occur between the referral and the time the student is assigned to attend

Saturday school, and the student commits another disciplinary offense, a school official may decide to withdraw the student's Saturday school opportunity and proceed directly to suspension.

Students who are referred for attendance issues and do not show may also be referred on to the HPD student attendance program.

1. **CAMPUS** — Students who are out of class for any reason during a class period must have a pass from the teacher responsible for them that period.
2. **LUNCH** - Our school participates in the Federal School Lunch Program and all students are expected to have lunch on campus. Therefore, off-campus passes for lunch will NOT be issued. The only exceptions will be documented cases and handled on a case-by-case basis by an administrator.
3. **OFF-CAMPUS** — Students are not permitted to leave campus for any reason during the school day without first obtaining office clearance. If a student needs an off-campus pass, a WRITTEN request must be brought to the Front Office before school begins.
4. **VISITORS** — Anyone wishing to visit our campus must report to the Front Office on North Road. A visitor badge will be issued by the administration or clerical staff for this purpose. Students not registered at Campbell or adults not employed at Campbell are required to check in with the office.

SAFETY AND SECURITY OFFICE

The Safety and Security Office is responsible for the safety and security of the students of Campbell High School. The office is located in the Administration Building and is always open to any student seeking sanctuary. Its functions cover a myriad of responsibilities ranging from parking problems to the full scale evacuation of the school to enforcing the rules of the Department of Education and the laws of the state. It has adopted a zero-tolerance policy against crime and violence on campus and is dedicated to upholding this strategy in the interest of keeping our students safe. The Safety and Security Office has a contingent of six Safety Officers who are overseen by a Safety Manager. We encourage students who are not feeling safe on campus, for whatever reason, to visit the Safety and Security Office.

EMERGENCY ALERT SYSTEM

The Safety and Security Office is responsible for conducting quarterly and yearly exercises in both real time and tabletop format to ensure the appropriate response by school personnel and students during an emergency. Some of the exercises may require the Lock Down of students into classrooms and the evacuation of students and personnel from the school grounds to a staging area located at a safe distance from the school within the neighboring community. Personnel from outside agencies may also be involved with these exercises. School personnel and students are required to participate in the exercises. These exercises are critical in our attempts to find areas that may need improvement and allow us to address concerns. In the event of an actual emergency, a variety of mediums will be utilized to notify parents such as the news media, Phone-Connect or Web Grader.

In the event of either an evacuation drill or an actual evacuation, all students will be required to remain with their assigned classes. They are required to be present at all times from the time the evacuation begins until the time the evacuation ends. Roll call will be taken at strategic points during the evacuation to ensure all students are accounted for. Any student found missing at any time during the evacuation will be suspended for *Insubordination*

Surveillance Cameras - As part of Campbell's efforts to enhance safety and security of its students, we have installed several surveillance cameras throughout the campus. These cameras are installed in public areas only and do not have access to any place where there is an expectation of privacy. The system has been very successful in thwarting criminal activity on campus and had enhanced the school's efforts at creating a safe and secure environment for our students.

MOTOR VEHICLES AND PARKING ON CAMPUS

A completed application and approval of the Principal or designee shall permit the parking of vehicles on school grounds for the purpose of temporary parking during the school day while the driver(s) of such vehicle attends classes or visits the school for official business. The Principal or designee may revoke parking privileges when deemed necessary for reasons of safety and security or violation of rules and regulations. The parking of vehicles on school grounds is a privilege and not a right and subject to revocation by school Principal. **Any vehicle parked on school grounds may be subject to search and items seized under applicable US Code and HRS when reasonable suspicion is evident.**

Standardized Dress Top Policy Adopted In 2005 – 2006

Statement of Policy: A mandatory dress top policy has been adopted by the JCHS SCBM Council beginning school year 2002 - 2003. Students will wear the standardized dress top effective the first day of school. Students are required to wear uniform tops on all school days, Monday through Friday, with the exception of days to be designated and announced as "special dress days." Students exempt from the standardized dress top policy must be in compliance with the STATE OF HAWAII Opt-Out provision as stated in components of the policy, BOE Guideline #4.

COMPONENTS OF THE POLICY

Parental Leadership and Involvement

(BOE Guideline #1)

The decision represents the views of a majority of the members of the school community. All role groups participated in the conversations and decision-making. The approval to proceed with the standardized dress top policy was granted by the JCHS SCBM Council during the school year 2001 - 2002 and was approved by consensus to become effective beginning SY 2002 - 2003.

Protection of Student's Constitutional Right

(BOE Guideline #3)

As stated in the religious expression in Public Schools Guide (August 1995), the JCHS Standardized Dress Top Policy will not prohibit students from wearing or displaying expressive items so long as those items do not independently contribute to disruption by substantially interfering with discipline or with the rights of others. Students are prohibited from wearing anything that is gang attire. The Constitutional rights of students will be respected and JCHS will not impose any messages, political or otherwise, on the Standardized dress top. The school's NAME AND LOGO will appear on the uniform.

Waiver

(BOE Guideline #4)

Parents wishing to exempt their child from the Standardized Dress Top Policy may “opt-out” by requesting an Application of Exemption form available in the school office. Parents should:

1. Return the completed forms to the office,
2. Meet with the Principal, Vice-Principal, counselor, or Standardized Dress Top Committee member to discuss the student uniform policy and nature of the objection,
3. Review the acceptable student attire policy.

Exemptions are valid only for the current school year and must be renewed at the beginning of each school year.

James Campbell High School Standardized Dress Top Regulations

The expectation is to have the standardized dress tops worn to school during school days. However, optional dress top days may be permitted at the discretion of the SCBM Council or the Principal. When permitted, optional dress must meet the dress top/dress code regulations.

Students are required to wear a standardized dress top.

Students may wear a variety of tops including the required t-shirts, polo shirts, and girl scoop shirts as long as the shirt is tucked in or worn out extending below the waistline, with no visible midriff or cleavage. Designs of the dress tops have been approved by the standardized dress top committee, consisting of teachers and students.

Appropriate shorts, skirts, and dress attire:

Length of shorts, skirts, and dresses must not be shorter than mid-thigh.

Appropriate pants and shorts attire:

Pants or shorts must cover underwear or boxer shorts.

Dress Tops may not be altered:

Dress tops should not be cut, turned inside out, tied in a knot exposing midriff or back. Dress tops should not have any other designs embroidered on.

Gang related clothing or accessories or clothing, which depict drugs, sex, tobacco, alcohol, profanity, and /or violence or clothing otherwise deemed inappropriate are not allowed.

VIOLATION OF THE DRESS CODE RULES WILL RESULT IN ONE OR MORE OF THE FOLLOWING:

Student may be sent home to change into appropriate attire. Administration may impose further consequences for repeated offenses.

Conclusion:

Uniforms alone will not solve all the problems of public schools and the public perception of them. However, they are surely one positive contributing factor to improve high school discipline and safety. As parents, staff, students, and members of the community work together, a standardized dress top policy becomes part of a strong overall school safety program supporting the learning success

CHANGE OF ADDRESS OR TELEPHONE

Address and telephone changes must be reported to the counselor, registrar or the office staff. In the event of an emergency, current information is needed to contact parents/guardians.

NEW ENROLLEES

Students transferring from other schools (private or public) must bring a release from the previous school. Previously earned credits will be accepted from schools that are licensed and/or accredited in Hawaii. Credits from other schools will be reviewed and accepted on a case-by-case basis. Students must also provide proof of residency within the Campbell High School district, through their parents or legal guardians. Parents or guardians must accompany students at the time of enrollment to complete and sign all forms.

Hawaii State law requires that all new students entering any school in Hawaii must have the following documents by the FIRST DAY OF SCHOOL. Students missing either of these requirements will NOT be permitted to enter school on the first day.

1. A completed health record to show that a physical exam and a negative tuberculin skin test or x-ray were completed in the US within a year before school entrance and that all immunization requirements have been met, OR
2. Proof of a negative tuberculin test in the US within the past 12 months and a signed statement from the doctor to prove that the student is in the process of completing the health requirements. **The tuberculin test, however, is required for enrollment.**

HEALTH ROOM

The function of the Health Room at Campbell High School is to provide immediate and qualified health care to students who have taken ill or who may require medical attention. The Health Room is managed by a qualified Health Aide who will be available during instructional time. In the event the Health Room is closed or the Health Aide is unavailable, students may report to the Front Office. The Health Room is located in the Administration Building.

STUDENT MEDICATION

No medication, including Over-the-Counter (OTC) medication, will be stored in the Health Room or administered by the Health Nurse or designee without first completing form SH-36 and before getting approval from the Public Health Nurse Bureau (PHNB). Form SH-36 may be obtained from the Health Room, Front Office or the SSC Office. It is imperative that parents read the directives on the back and to follow all instructions to ensure that it is approved by the PHNB. Failure to do so will result in the application being rejected. Failure to comply with this section will result in the Health Nurse summoning the parents to the school to administer medication to their child in the event the student requires it.

GEOGRAPHIC EXCEPTIONS

Under Hawaii law, students are required to attend the school in the district in which the parent or legal guardian resides. However, permission to enroll in a school in another district may be granted by the principal of the school the student wishes to attend. To obtain a geographic exception, parents must complete and submit the geographic exception form to the home school where it will be signed by an administrator and forwarded to the desired school. Once a geographic exception has been approved, it is valid until the student completes the terminal grade at that school.

Geographic exceptions are approved for individual students; therefore, a separate application must be submitted for each child in a family.

BOE RECOGNITION DIPLOMAS

In 1986, the Board of Education adopted the Recognition Diploma Program to honor students for academic excellence. All seniors, including special education students, are eligible. Valedictorians must meet the BOE Recognition Diploma requirements.

Board Policy 4540, High School Graduation Requirements and Commencement, establishes that a Board of Education Recognition Diploma shall be issued to students who:

- Meet the course and credit requirements for graduation
- Attain a cumulative grade point average (GPA) of 3.0 or higher. Beginning with the Class of 2013, students with a GPA of 3.0 or higher will be awarded a BOE Recognition Diploma with Honors.
- Completion of the Senior Project (one credit) as well as the Personal Transition Plan (0.5 credit) is included as part of this requirement. This is effective with the Graduating Class of 2010.

Successful completion of the Senior Project provides the student with the opportunity to demonstrate advanced proficiency in the attainment of the General Learner Outcomes (GLO). The Senior Project must demonstrate a “learning stretch” and be personally useful and relevant for that student.

All students must complete the federal/state Free or Reduce lunch applications and qualify based on state guidelines to receive assistance.

Early Completion Policy

The block schedule has increased the number of credits a student may earn in a year, thereby creating greater potential for early requirement completion. While James Campbell High School's primary purpose is to provide comprehensive four-year educational and enrichment opportunities, students may request early completion when meeting the following standards.

1. Early completion for fourth-year high school students may occur **after the end of Term 2** of the senior year with Parent/Guardian and Principal approval.
2. Request for early completion can be made by Grade 11 students during the third term of their third year in high school.
3. Request for early completion in the fourth year of high school will be approved if all of the

following requirements are met:

Student has a cumulative GPA of 2.0 or better.

Student has at least 90% attendance rate.

5. The school holds only one graduation ceremony at the end of the school year when all diplomas/certificates are awarded. Early completers may request a letter verifying graduation requirements have been met.

After 40% of the course has been completed, no change may occur.

2. Class Prerequisites: Students should not be request placement in a course if they have not met the prerequisites.

DOUBLING UP IN SUBJECT AREA COURSES POLICY

During Registration: Effective January 2004, students registering for required courses may register for ONE previously taken and failed course in English, Social Studies or Science. This will be in addition to the required course in the same subject area for their projected school year.

Students may take two high level Math or Science courses provided they have teacher and counselor approval before registration. The student must have demonstrated mastery level proficiency in previous courses.

First Session Failures: Students failing courses the first session of the school year will be allowed to change their schedules and add the failed course to their second session schedule with teacher's recommendation and on a "space available" basis.

Second Session Failures:

Students who fail courses the second session of the school year will be allowed to change their schedules and add the failed course to their next year's requests with their teacher's recommendation and on a "space available" basis.

Senior Failures: Seniors who fail required courses the first session will be given priority over underclassmen requesting schedule changes.

*NOTE: All schedule changes and/or course selections will be made on a "space available" basis. These guidelines apply to students enrolled in JCHS since the fall of 2002.

Campbell High School Meal Policy

It is the intent of the U.S. Congress that nutritious meals be available to every school student regardless of household's ability to pay. The State of Hawaii, Department of Education, School Food Services Branch participates in the USDA National School Lunch and School Breakfast Program. This means that:

- Schools are able to offer a \$1.00 student lunch because of a USDA subsidy (The price of an unsubsidized lunch is \$2.75)
- Based on household income, students may be able to purchase meals at a reduced price or receive free meals.
- Households MUST APPLY EVERY SCHOOL YEAR and qualify to receive this benefit.

Chapter 8-57

Restitution for Damages and Lost Books, Equipment, Supplies and Outstanding Financial Obligations

Introduction:

Chapter 57 requires that students be responsible for paying required fees and for restitution of school property that is lost through their negligence. It further allows consequences for students who do not make restitution or pay required fees. Schools have had varying degrees of success in collecting money from students for lost books, equipment, supplies, and outstanding financial obligations. While this Chapter allows schools to restrict students from participating in athletics and co-curricular activities if they have outstanding financial obligations, the following guidelines are provided to aid schools in applying these restrictions with consistency. Statewide application of these guidelines will ensure that students are treated with fairness and equity when it is found that they are responsible for the loss, destruction, breakage, or damage of school books, equipment, and supplies, including library and assigned textbooks, and nonpayment of fees.

*Note: These guidelines apply only to participation in athletics and co-curricular activities such as: student government, proms, banquets, balls, clubs, commencement exercises, and school courts.

STUDENT RESPONSIBILITY

1. Payment for lost or damaged books, equipment or supplies. A student who is found to be responsible for the loss, destruction, breakage or damage of school books, equipment and/or supplies including library and assigned textbooks, shall make restitution to the school [AUTH: 302A-1112, 302A-1130]. Failure to do so will result in the loss of privileges to participate in athletics and co-curricular activities until restitution is made.
2. Nonpayment of required fees. A student who has not paid the required fees by the school deadline is considered to have a financial obligation to the school and must make restitution to the school before being allowed to participate in athletics or co-curricular activities.
3. Restitution. Restitution includes payment or participation in a work program as outlined in 8-57-6 if the student is unable to pay. Failure to clear financial obligations will result in a student being prohibited from participation in any student activity as defined in 8-57-2.
4. Work program. Students who are unable to pay for lost books, equipment or supplies, may participate in a work program with parental and administrative approval.
5. Negligence. Special procedures for treatment of negligence are outlined in 8-57-8 and penalties may be applied if a student is found to be willfully negligent. Transfer of obligations. Should students transfer to another PUBLIC school WITHIN THE STATE, the financial obligation still remains and will transfer with the student. The school shall forward a copy of the "bill" along with the student's records. The receiving school is responsible for collecting the outstanding obligation. If the student's new school collects the restitution, that "collecting school" keeps the funds.
